

Securing the cost of old age

It's never too early to start thinking about health insurance for your later years.

It's easy to put it at the back of your mind, but the truth is the older you get, the more likely is your need for health insurance. While many people are covered by employer's medical plans, once you retire the coverage stops and you may be left with no medical coverage at the time when illness and hospitalisation becomes more frequent. This is the reason you should plan ahead when you have good health. As the company that listens and understands your needs, we have a product that makes this possible. **PRU**Senior Med takes care of your hospitalisation and surgical costs just when you need it most.

» Let us take the financial burden out of your later years.

PRUSenior Med is specially designed for senior citizen that provides medical coverage to address your concerns on those infrequent, but financially crippling, large medical bills in the event of hospitalisation for surgeries and illnesses. With **PRU**Senior Med, you merely have to pay the co-insurance at either 10% of your total eligible expenses or the affordable minimum co-insurance amount for this product, whichever is higher. **We pay the balance!**

PRUSenior Med will ease your financial burden as it provides the following:

- Hospital and surgical coverage
- Affordable co-insurance amount
- Policy is guaranteed renewable – up to age 80 years old next birthday
- Compassionate benefit RM5,000
- Affordable level premiums
- High entry age – up to age 70 years old next birthday
- Outpatient kidney dialysis and cancer treatment

Introducing PRUSenior Med

PRUSenior Med is a regular premium level term medical plan. This policy offers insurance protection up to age 80 years old next birthday. It reimburses medical bills in the event of hospitalisation for surgeries and illnesses.

» What are the benefits?

You can choose the plan that meets your personal needs.

	Plan 1	Plan 2
Death Benefit	RM 5,000	RM 5,000
Medical Care Benefits		
1. Hospital Daily Room & Board (120 days per year)	RM 200	RM 200
2. Intensive Care Unit (30 days per year) 3. Surgical Fees 4. Anaesthetist Fees 5. In-hospital & Related Services	As charged, subject to co-insurance at 10% or minimum co-insurance, whichever is higher.	
6. Pre-hospitalisation Treatment (within 30 days before hospitalisation) 7. Post-hospitalisation Treatment (within 90 days after hospital discharge) 8. Home Nursing Care (180 days maximum per life-time) 9. Day surgery 10. Out-patient Cancer Treatment 11. Out-patient Kidney Dialysis Treatment	As charged, subject to co-insurance at 10%.	
Minimum Co-insurance Amount* (Only applicable to item no.2 to 5)	RM 3,000	RM 6,000
Lifetime Limit	RM 225,000	RM 225,000

* We reserve the right to revise the minimum co-insurance amount once every 12 months, by giving 30-days written notice.

Note: Co-insurance is a cost-sharing arrangement under which the policyholder pays a specified percentage of the cost of an eligible benefit, subject to a minimum amount if applicable. The remaining balance is paid by the company.

Death Benefit

PRUSenior Med pays Death Benefit should death occur. If death is due to suicide within the first year, all premiums paid are returned without interest.

Medical Care Benefits

Cover begins immediately on acceptance, for hospitalisation caused by accidents, but only begins 30 days after acceptance for any other cause.

Each claim reduces the Lifetime Limit. When the Lifetime Limit is exhausted, Death Benefit continues without payment of any further premiums.

Cash Value

A **PRU**Senior Med policy (with term of 20 years or more) will have a cash value after at least 3 years premiums have been paid. Those with term less than 20 years will have no cash value.

How much premium do I have to pay?

The level of premium that you have to pay depends on your age, sex, the plan chosen and subject to underwriting. You must inform us of any change in occupation, avocation or sports activities because it may affect the premiums, terms, conditions, and benefits.

How are premiums paid?

You can choose yearly, half-yearly, quarterly or monthly payment either by Credit Card, Direct Debit, Banker's Order, Cheque or Cash. The premiums must be paid within one month of the due date. They are payable throughout the duration of the policy.

What happens if a premium payment is missed?

If you do not pay the premiums within the one-month grace period and the policy has not accumulated any cash value, it will end automatically.

If the policy has accumulated sufficient cash value and you are unable to pay premiums, we will automatically pay the premiums on your behalf under the Automatic Premium Loan Scheme. You will continue to enjoy the benefits under the policy. The policy will end when the premium loan plus interest are greater than its cash value.

How can I take up **PRUSenior Med?**

You can take up **PRU**Senior Med if you are between the ages of 45 to 70 years on your next birthday.

How can I take up **PRUSenior Med for my parents?**

You can take up **PRU**Senior Med for your parents by paying the premiums if they are between the ages of 45 to 70 years on their next birthday. Your parents will own the policy.

How does **PRUSenior Med pay for overseas medical treatment?**

If you receive medical treatment overseas, the Medical Care Benefits is paid according to the costs of treatment that would be customary and reasonably charged by a hospital in Malaysia. No benefit is paid if you reside overseas for more than 90 days per trip.
