## Risk Management

### Forecasting Risk

Potential risks are taken into consideration in the process of sector allocation and stock selection based on analysis on various key factors such as economic conditions, liquidity, qualitative and quantitative aspects of the securities.

### System Control

Risk parameters are set internally for each fund, depending on client's risk profile. These risk parameters include limits of issuer bet, group issuer, sector rating and issue size of the securities held in the portfolio.

A front-end office system is in place to monitor portfolio risks, serving as an auto filter for any limitations or breaches.

### Other Info

- Target Market

Nil.

- Basis & Frequency of Unit Valuation

- Unit pricing is done every business day.
- The Unit Price of a particular **PRULink** Golden Fund on any Valuation Date shall be equal to The Fund Value divided by the number of Units in issue on Valuation Date.
- The Fund Value is the value of all the assets of a particular **PRULink** Golden Fund after the deduction of expenses for managing, acquiring, maintaining and valuing the assets of that fund, tax (if any) or other statutory levy incurred by the Company on investment income or capital gains on the assets of The Fund and any accrued or anticipated income.
- The Valuation Date shall be the date as determined by the Company from time to time, but not less frequently than once a day, for the purpose of determining Unit Prices.
- To recoup the cost of acquiring and disposing of assets, a transaction cost adjustment may be made to The Fund Value to recover any amount which The Fund had already paid or reasonably expects to pay for the creation or cancellation of units.

- Exceptional circumstances

- The Company reserves the right in exceptional circumstances (for example, when there is an unusually high volume of sale of investments within a short period) to defer the switching or withdrawal of Units and the surrender of the Policy for a period not exceeding six (6) months from the date of application.
- The Company may suspend unit pricing and policy transaction if any of the exchanges in which The Fund is invested is temporarily suspended for trading. In such event, notice for suspension may be published and may be communicated to the policyholder upon any request for top-up, switching, redemption or withdrawal to/from any such **PRULink** Golden Fund.

The list of exceptional circumstances above are not exhaustive, please refer to your policy document for further details.
